PROGRAMME

WELCOME AND INVITATION

Dear Colleagues,

We cordially invite you to the fifty-second annual scientific meeting of the Anglo-German Medical Society in Durham.

Described by travel writer Bill Bryson as the perfect little city, the city of Durham has been strategically important since Roman times to defend the northern frontier of the Roman Empire. The Norman castle (1072 AD) and Cathedral (1093 AD) both defend the border and at the same time guard the relics of St Cuthbert, brought here by the monks of Lindisfarne in 999 AD in flight from the Vikings. Both the castle and the Cathedral are listed as UNESCO world heritage sites since 1986. The Cathedral chapterhouse and cloisters feature as Hogwarts locations in two of the Harry Potter films.

Our conference takes place in Collingwood College, part of the University of Durham. Founded in 1832, this is the third oldest university in England after Oxford and Cambridge. As ever, we have prepared a varied programme of lectures and visits to places of interest in the city.

We hope that we have aroused your interest and look forward to welcoming you.

Your British Committee

Willkommen und Einladung nach Durham

Liebe Kolleginnen und Kollegen,

Wir laden Sie herzlich zur 52. wissenschaftlichen Jahrestagung der Deutsch-Englischen Ärztevereinigung in Durham ein.

Der Reiseschriftsteller Bill Bryson hat Durham als „perfekte kleine Stadt“ bezeichnet. Sie war in der Römerzeit eine strategisch wichtige Stadt und diente der Verteidigung der nördlichen Grenze des römischen Reiches. Die normannische Burg (1072 n. Chr.) und die Kathedrale (1093 n. Chr.) verteidigten die Grenze und hüteten gleichzeitig die Reliquien von St. Cuthbert, die die Mönche von der Insel Lindisfarne in 999 n. Chr. auf ihrer Flucht vor den Wikingern hierher gebracht hatten. Sowohl die Kathedrale als auch die Burg stehen seit 1986 auf der UNESCO -Liste des Weltkulturerbes. Die Kathedrale und der dazugehörige Kreuzgang dienten für zwei Harry-Potter-Filme als Drehorte von Hogwarts.

Unsere Tagung findet im Collingwood College statt. Collingwood College ist Teil der University of Durham. Diese 1832 gegründete Universität ist nach Oxford und Cambridge die drittälteste Universität Englands. Wie immer haben wir ein vielfältiges Programm von Vorlesungen und Ausflügen zu Sehenswürdigkeiten in der Stadt aufgestellt.

Wir hoffen, dass wir Ihr Interesse geweckt haben und freuen uns darauf, Sie begrüßen zu dürfen.

Ihre Deutsch-Englische Ärztevereinigung – English Section
